

Haf Audio

Trapez point source

Specifications:

AES I50W

Peak power 600W

8 ohms

Operating range 57Hz -20kHz , +/- 4db 100Hz-18kHz (unprocessed)

Sensitivity 1W/ 1m 100 db

Peak SPL 1W/ 1m 128 db

12" super light neodymium woofer, 1" exit neodymium compression driver

1,9kHz crossover point

The enclosure can be positioned at an angle of 4,5 deg, to +/- 13,5 deg

Durable paint finish

Two integral handles

Heavy duty impact resistant protective steel grille

Acoustic foam for weather protection
